

Visa Portfolio Management Certification

Accelerate your career as you build the skills you need to grow a successful card portfolio.

Experienced portfolio management professionals optimize the performance and profitability of payment portfolios, ensuring strategic alignment and risk management. The Visa Portfolio Management Certification program is designed to support your organization's growth while helping you advance your career.

Our program consists of recommended courses that help you prepare to take the certification exam. Upon passing the exam, you'll be recognized as Visa Certified in Portfolio Management.

How to become Visa Certified

COURSE I

Portfolio Management I

Start with our level I course to build foundational knowledge and prepare for the certification process.

COURSE II

Portfolio Management II

If you have portfolio management experience and are ready to start the certification journey, our level II course is a great starting point. It is designed to teach you advanced techniques for optimizing payments portfolios, including strategic planning, risk assessment and performance analysis prior to taking the Portfolio Management certification exam.

CERTIFICATION EXAM

Visa Portfolio Management Certification Exam

Upon passing the exam, you'll become Visa Certified and will receive a digital badge to highlight your achievement.
